Outlook / Compose

To: alex@example.com
Subject: Project Update

Please see the attached report.

Attachments: none

Send

→

Outlook / Inline suggestion

Please see the attached report.

Attachment mentioned, but no file is attached.

Attach file | Ignore

→

Outlook / Editable draft

To: alex@example.com
Subject: Project Update

Please see the attached report.

project_report.pdf

Warning cleared; still editable.

A2 Greeting / recipient mismatch

Outlook / Compose

To: alex@example.com, sam@example.com + 2 others

Hi Alex,

Here is the project update.

4 recipients; 1 named greeting

→

Outlook / Inline suggestion

Hi Alex

4 recipients, but one name in the greeting. Is this intended?

Review recipients | Ignore

→

Outlook / Editable draft

To: alex@example.com, sam@example.com + 2 others

Hi everyone,

Here is the project update.

Recipients reviewed; still editable.

A3 Potentially sensitive text

Outlook / Compose

To: alex@example.com

My home address is
123 Maple Street, Apt 4.

Fictional address for this task

→

Outlook / Inline suggestion

My home address is 123 Maple Street, Apt 4.

Possible home address. Review before sharing.

Edit text | Ignore

→

Outlook / Editable draft

To: alex@example.com

I will share the meeting location separately.

Address removed by user.

Warning cleared; still editable.

Proposed: optional on-device text rules; no draft upload for this check. Flags can be wrong.

A1 Missing attachment

Independent case / all details are fictional

1 Initial draft

Outlook / Compose

To: alex@example.com

Subject: Project Update

Please see the attached report.

Attachments: none

Send

2 Open contextual warning

Outlook / Inline suggestion

Please see the attached report.

Attachment mentioned, but no file is attached.

Attach file | Ignore

3 Correct / continue editing

Outlook / Editable draft

To: alex@example.com

Subject: Project Update

Please see the attached report.

project_report.pdf

Warning cleared; still editable.

Ignore keeps the draft unchanged.

Suggestions can be wrong; the user decides.

A2 Greeting / recipient mismatch
