C Conditional Recall and Recipient Consent

Proposed rule: within 5 minutes AND unopened = direct recall; otherwise ask the recipient.

1 Request recall

Sender / Sent Items

Project Update

To: sam@example.com

Already delivered

Recall message

2 Check each recipient

System / Recall eligibility

Within 5 minutes?

AND still unopened?

Both yes: recall directly

Otherwise: request permission

3A Both conditions met

Sender / Direct recall

Example: 02:00 / unopened

Recall completed

Recipient copy removed.

No recipient approval needed.

Over 5 minutes OR opened

Otherwise

3B Ask for permission

Sender / Request sent

Recall request sent

Waiting for Sam to decide.

The original stays visible until approval.

4 Recipient chooses

Recipient / Recall request

Taylor asks to recall

Project Update

Allow removal from your mailbox?

Allow recall | **Keep message**

5 Sender sees outcome

Sender / Possible outcomes

Waiting: original stays

Approved: copy removed

Declined: original stays

No response: still waiting.

Time starts at delivery. Decisions apply per recipient. Removing a message cannot undo what was already read.

Concept requires a cooperating mail service; unsupported recipients cannot be promised removal.
